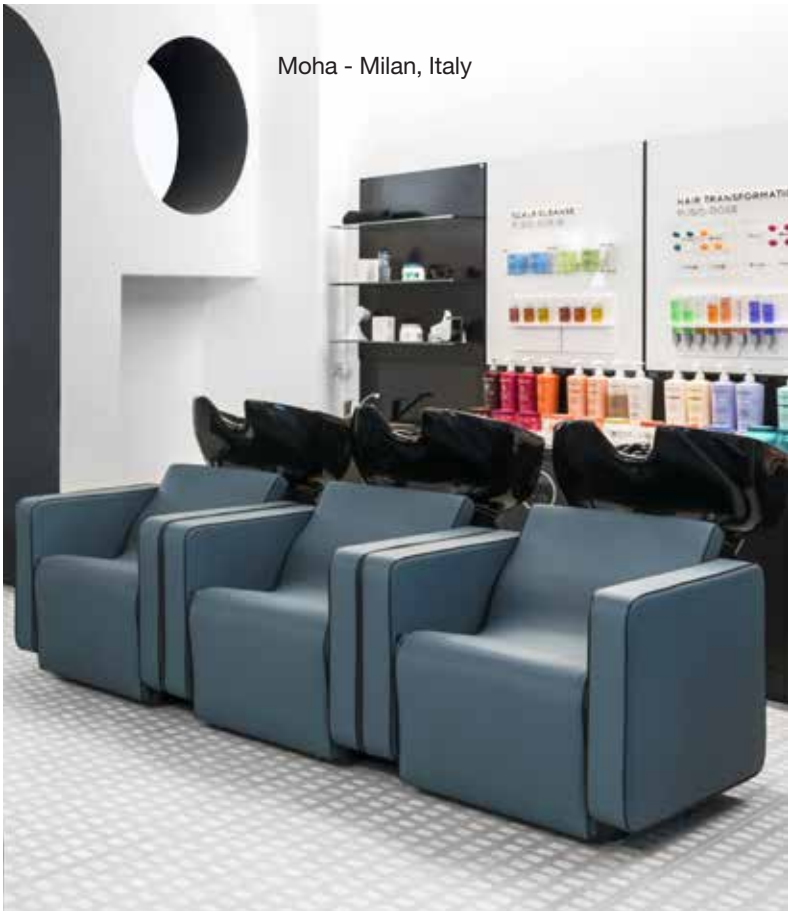
SARAH LAVOINE

When I discovered Sarah Lavoine's work, I realized I had met a designer with a refined but "revolutionary" approach, very Parisian. Sarah Lavoine is a revolution made up of unusual color combinations, sinuous lines, an aesthetic that makes the salon experience extremely enjoyable: a moment of relaxation in an elegant and welcoming environment



Moha - Milan, Italy

where you can take care of yourself. In such a troubled historical period, we are making our revolution: offering the customer a global experience of “beautiful being”.
We will all come out satisfied and winning.

THE WORD TO PROFESSOR ARCURI

ROUGHLY 50% OF BACTERIA LIVE ON THE GROUND. SANITISING FOOTWEAR UPON ENTRY MEANS

ELIMINATING 50% OF THE PROBLEMS

KEYWORD: "SANITISATION"

SCAN ME

SANITISING STATION **THREE IN ONE: STATION, THERMOSCANNER** HAND SANITIZER AND **KUBETTO,** THE FOOTWEAR SANITIZING PLATFORM

(ALSO AVAILABLE SEPARATELY)

1 SANITIZE HANDS

2 THERMOSCANNER TO MEASURE THE BODY TEMPERATURE

3 KUBETTO TO SANITIZE FOOTWEAR

KUBETTO

disinfects the soles of footwear in a few seconds by atomising disinfectant liquid (quaternary ammonium salts). **Does not damage footwear**

WITH A PERFORATED SURFACE TO FACILITATE THE OUTFLOW OF THE ATOMISED LIQUID THE DISINFECTANT LIQUID ACTS ON SOLES NOT HARMFUL TO PEOPLE'S HEALTH DOES NOT DAMAGE FOOTWEAR

KUBETTO UVC-MINI TOTEM UVC-TOTEM BLOCK

UVC-MINI TOTEM

is the essential air purifier, to be placed on the reception of the salon, in treatment rooms, changing rooms, toilets and lifts.
Keeps small spaces sanitized 24 hours a day. Allows 30 m3/h sanitization.

UVC-TOTEM

is the universal air sanitizer essential to keep working environments sanitized 24 hours a day.
Allows sanitation of 120 m3/h.

UVC-MINI TOTEM and UVC-TOTEM are not harmful to people, can be used 24 hours a day in people's presence.

BLOCK

allows rapid disinfection of everyday small items used in your salon, such us brushes, scissors, curlers ... etc ... Located at the salon entrance, it allows sterilization of customers' personal objects such as glasses, pens and keys.
Block has an interchangeable plexiglass cap, it is activated manually through a starting button for a timed sanitization.

THE WORD TO PROFESSOR ARCURI

WASH YOUR HANDS FREQUENTLY AND DISINFECT THE MORE USED OBJECTS
PROTECTS US FROM CONTAGION

INFECTED DROPLETS TEND TO FALL TOWARDS THE GROUND
COLLECTING CONTAMINATED AIR FROM BELOW IS THE BEST ACTION PLAN FOR DEEP AND SAFE SANITISATION
